# Home

From the “Home” screen, you can see the daily recipe and choose the categories of dessert that you want to make.

1. Daily Recipe Feature
  - At the top of the screen, you’ll see the Daily Recipe displayed with a picture and short description.
    - i) Tap on the Recipe: Tapping on the recipe will take you to the full recipe details: ingredients and instructions.
2. Love Button
  - On the Daily Recipe, there’s a heart-shaped Love button.
    - i) Tap the Love Button: When you tap this button, the recipe will be saved to your Favorites.
    - ii) Redirect to Favorites: You’ll be redirected to the Favorites Page where all your loved recipes are saved.
3. Share Button
  - Can share the recipes with your friends.
4. Categories Section
  - Below the daily recipe, you’ll see various Categories. Each category represents a type of recipe you can explore.
  - Tap a Category: Tapping on a category will show you all the recipes in that category.

# Favorites

## 1. Navigate to the Favorites Page

- Access the Favorites Page by:
  - Tapping the heart-shaped Love button on a recipe.
  - Selecting the "Favorites" tab from the bottom navigation bar.

## 2. View Your Favorite and Cooked Recipes

- At the top of the Favorites Page, there are two tabs:
  - Favorites: Displays all the recipes you've saved by tapping the Love button.
  - Cooked: Shows recipes you've marked as cooked after trying them.

## 3. Switch Between Favorite and Cooked

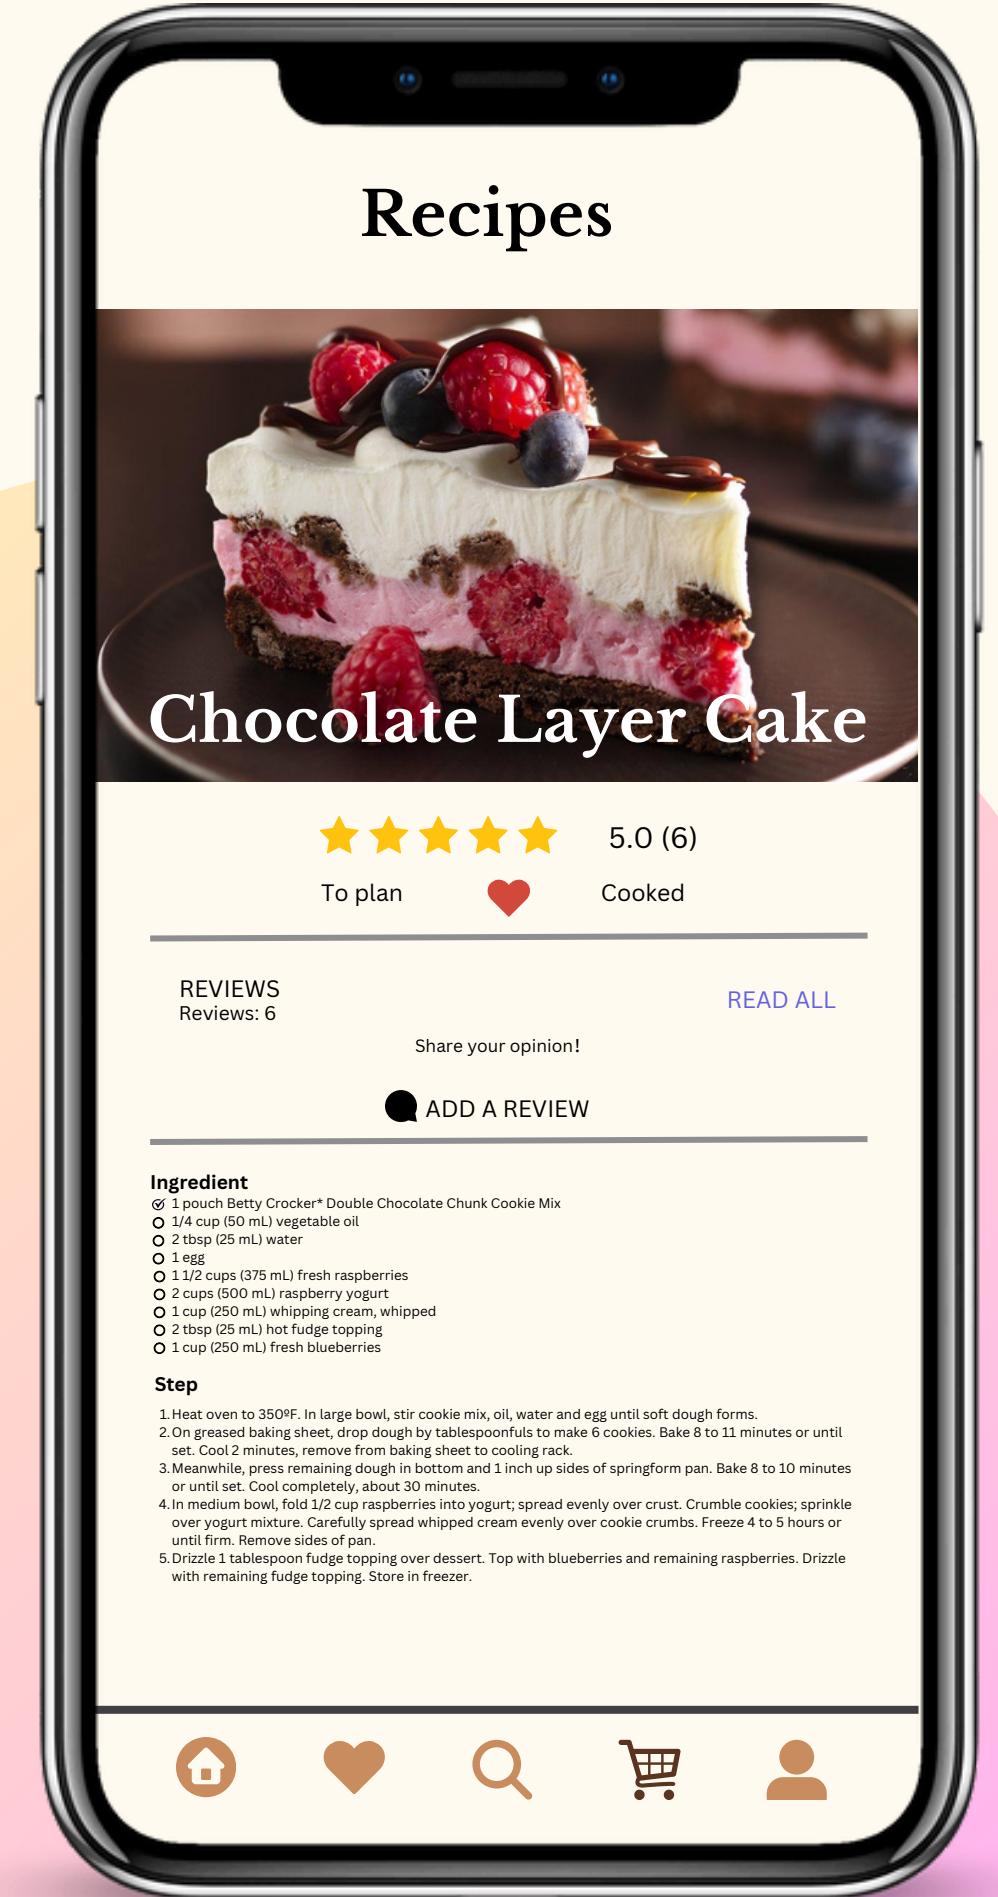

- Favorites Tab:
  - Lists all recipes you've marked with the heart or Love button.
  - Each recipe includes a name, image, and brief description.
- Cooked Tab:
  - Displays all the recipes you've cooked and marked as Cooked.
  - Similar layout to favorites, with recipe names, images, and summaries.

## 4. Mark a Recipe as Cooked

- Once you've followed a recipe and prepared the dish, you can:
  - Open the recipe from either the Home Screen or Favorites.
  - Tap the Cooked button to add it to your Cooked list.
  - You may also rate or review the recipe after marking it as cooked.

## 5. Remove Recipes from Favorites or Cooked

- To remove a recipe:
  - From the Favorites tab, tap the Love button again to remove it from your saved list.
  - From the Cooked tab, tap the Cooked icon to unmark it as cooked and remove it from the list.

# Recipes

## 1. Select a Cake Recipe

- Scroll through your list and tap on any cake recipe you want to view.
- This will open the full recipe details page.

## 2. Recipe Details Page Overview

- Once you open the cake recipe, you'll see several sections:
  - Image and Recipe Name at the top.
  - Review, Ingredients, and Steps tabs below.

## 3. Reviews Section

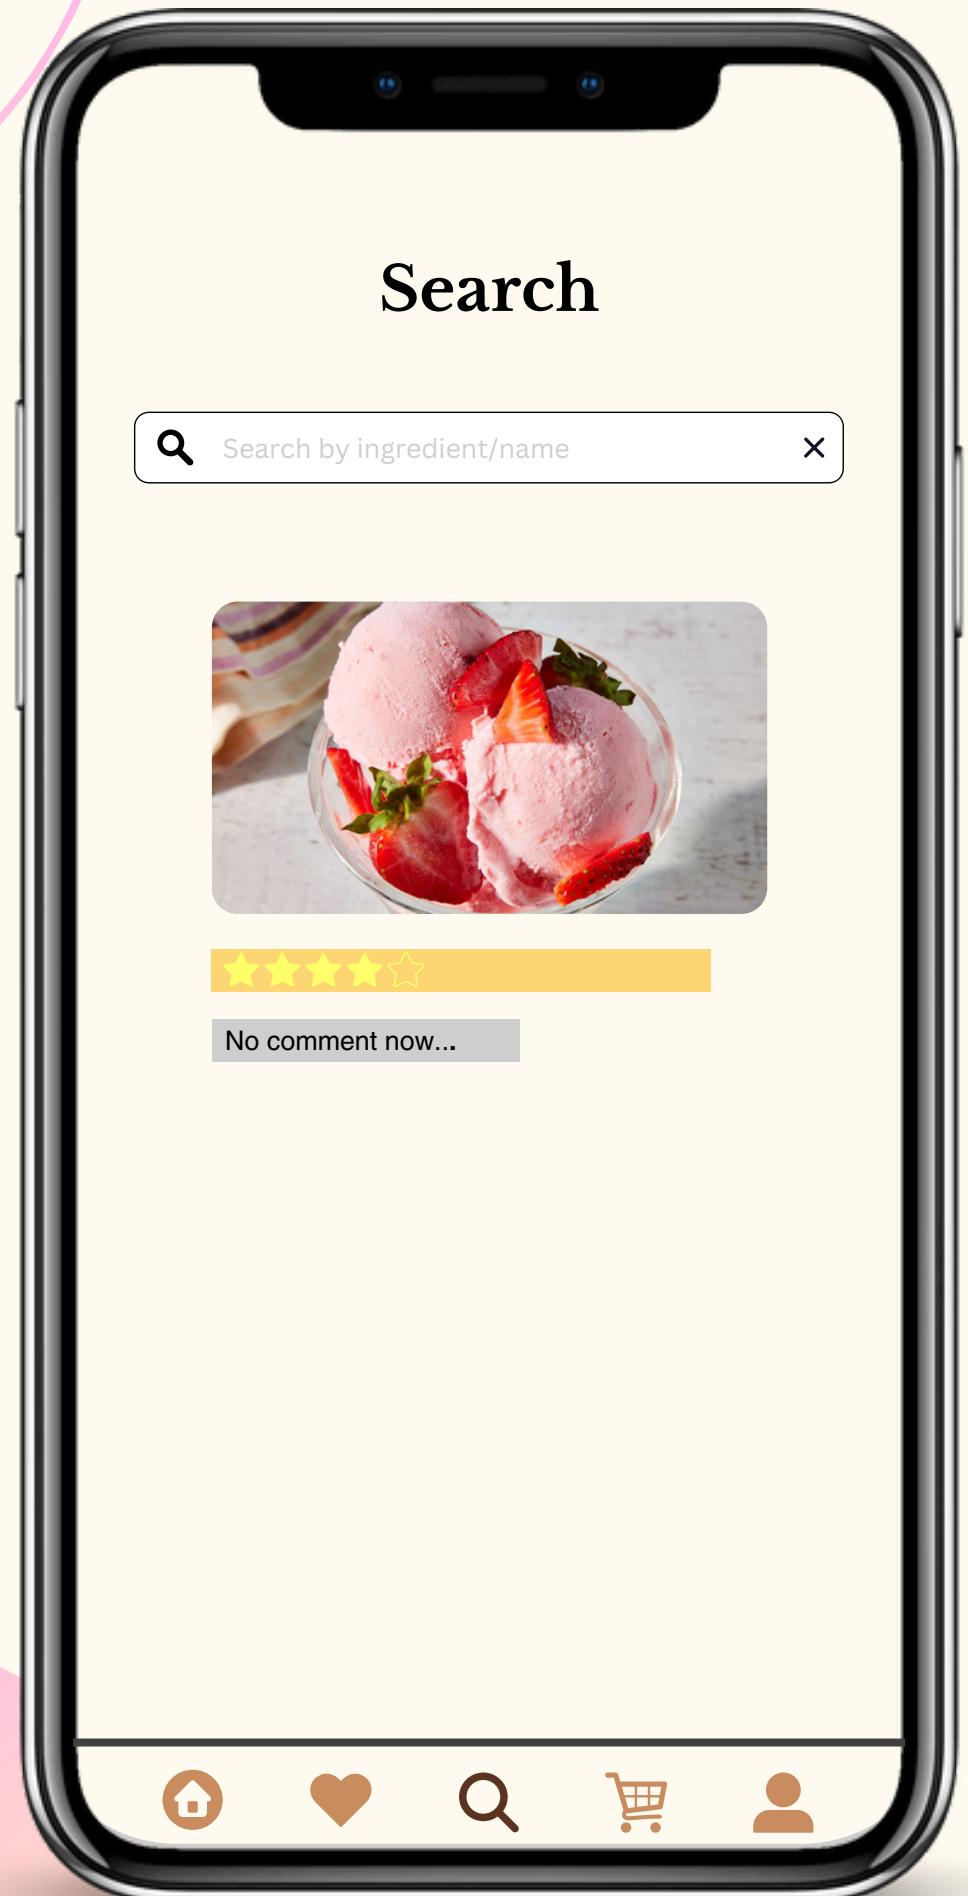

- Tap the Reviews tab to read user reviews of the recipe.
  - You'll see ratings (e.g., stars) and written comments from other users who have tried the cake.
- Add Your Own Review
- After trying the recipe, you can leave a review:
  - Tap the Add Review button in the Reviews section.
  - Rate the Recipe: Choose a rating (e.g., 1 to 5 stars).
  - Write a Review: Share your experience, such as how the cake turned out or any modifications you made.

## 4. Ingredients Section

- By default, you may start on the Ingredients section.
  - This section lists all the ingredients needed to make the cake.
  - Can tick on the ingredients that you have prepared.

## 5. Steps Section

- Switch to the Steps tab to follow the recipe's instructions.
  - Each step is listed in sequence, providing detailed cooking or baking instructions.
  - You can scroll through or tap Next to move through the steps.

# Search

## 1. Navigate to the Search Page

- Tap the Search icon in the bottom navigation bar to access the search page.

## 2. Search Bar

- At the top of the screen, there is a Search Bar where you can type in keywords, such as:

- Recipe names (e.g., "Chocolate Cake")
  - Ingredients (e.g., "Potatoes," "Tomato")

- As you type, suggestions may auto-populate based on popular or recent searches.

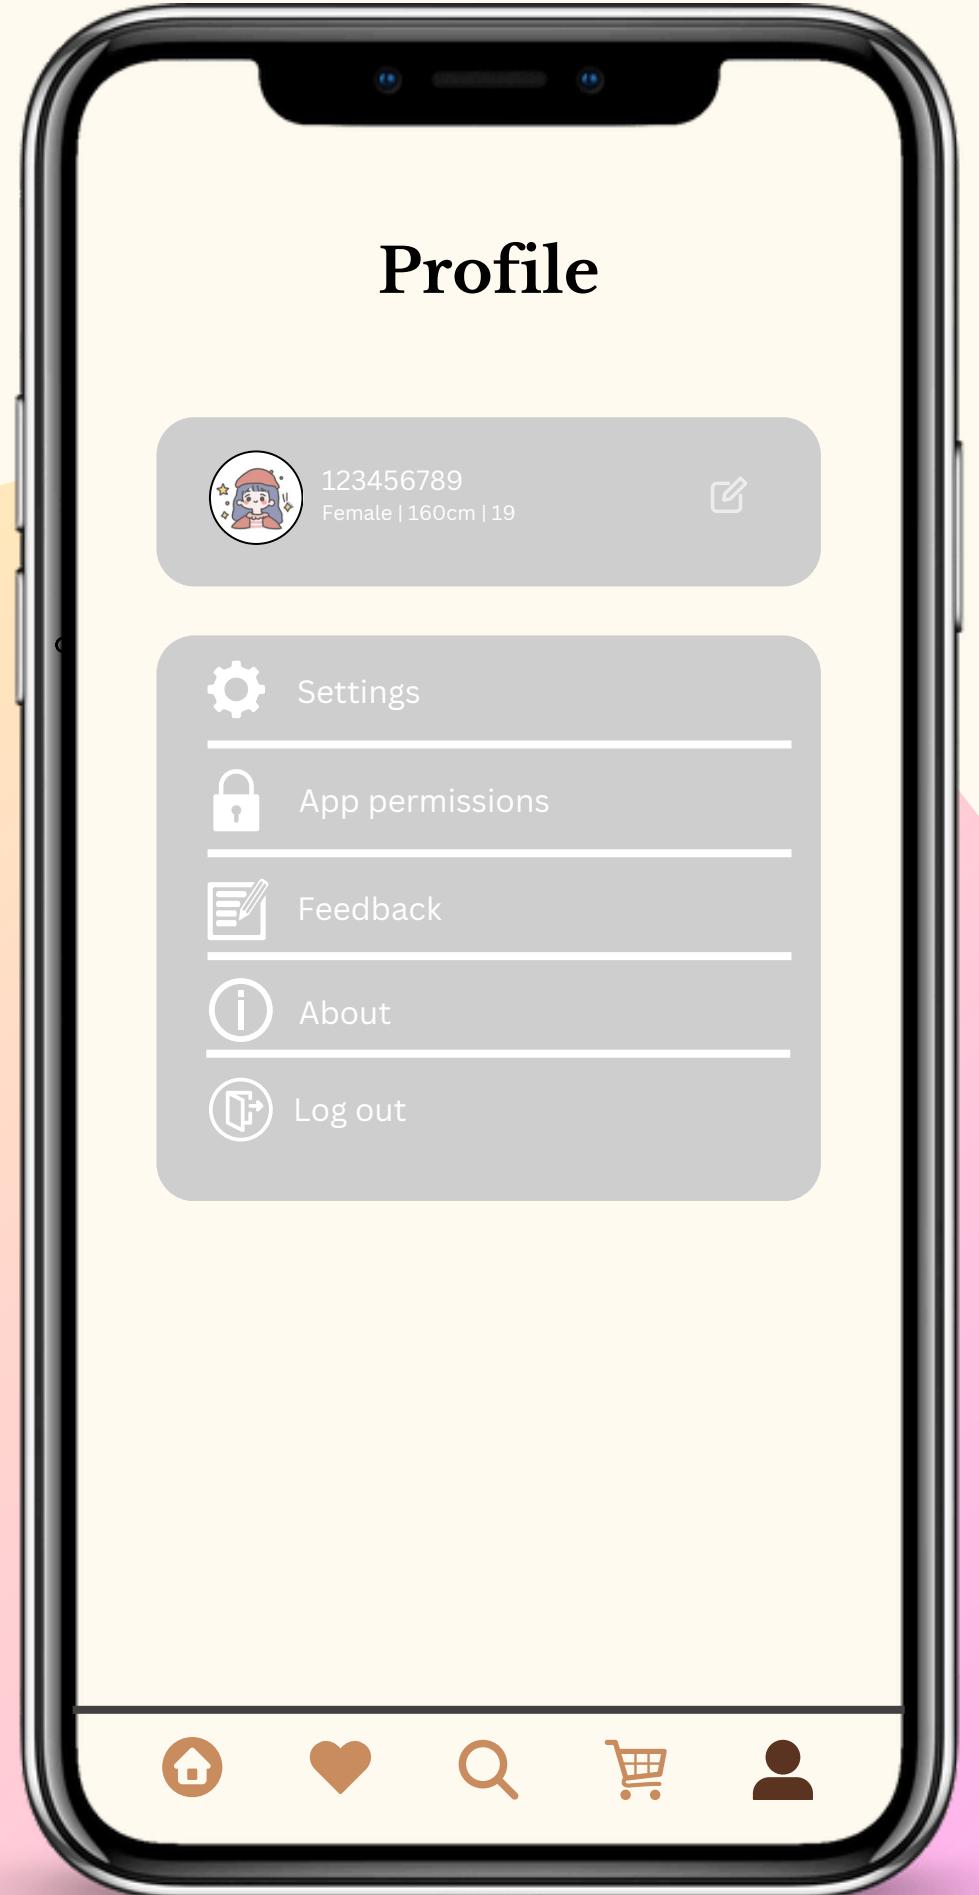

## 3. Search Results

- After entering your search, a list of recipe results will appear.

- Each result will show:
    - Recipe name.
    - Thumbnail image.
    - Brief description or key ingredients.

## 4. Search History

- Below the search bar, there may be a section for Recent Searches, allowing you to quickly revisit past searches.

# Profile

1. Navigate to the Profile Page
  - Tap the Profile icon in the bottom navigation bar to access your Profile Page.
2. Profile Overview
  - At the top of the Profile Page, you'll see:
    - Profile Picture (if added).
    - Username or Full Name.
3. Edit Profile
  - Below your profile details, you'll see an Edit Profile button:
    - Tap Edit to modify your personal information:
      - Profile Picture: Upload or change your profile image.
      - Username/Full Name: Update your display name.
      - Email Address: Change the email address linked to your account.
4. Settings
  - In the Settings section, you can manage various app configurations:
    - Notifications: Enable or disable app notifications like recipe updates or reminders.
    - Language Preferences: Change the app's language if supported.
5. App Permissions
  - In the App Permissions section, you can manage permissions the app has on your device:
    - Camera Access, Location Access & Storage Access
6. Feedback
  - The Feedback section allows you to share your experience with the app:
    - Tap Give Feedback to submit a review or report any issues.
7. About
  - The About section provides information about the app:
    - App Version, Developers & Privacy Policy
8. Log Out
  - Tap Log Out to sign out of the app.
